Complete and Customised Solution
for Your Transport Refrigeration needs

monzonegroup.com

Caring services, optimising cost and **solutions for success**

TEOH CHIANG HOE
Founder and Managing Director of Monzone Group

Founded in 1997, Monzone is one of the most trusted companies in the South-East Asia, specializing in Transport Refrigeration and Manufacturing of Insulation Containers. We are the Distributor of THERMO KING in Malaysia, Singapore, and Thailand.

In this New Digital Era, Monzone Group continue to expand with the Cutting-Edge Technology from Thermo King, Tracking™, ConnectSuite™, Touchlog, WinTrak, and it's continuous R&D in Product Performance & Reliability Tests.

Monzone Group has successfully focus in optimizing the Cost & Efficiency in the Transport Cold-Chain Industry by manufacturing different Grades of Insulated Containers to cater for the different segment of the market.

This is made possible by coupling with Thermo King, the Global well-renowned Brand famous for its Performance & Reliability in The Transport Refrigeration System (GDP Compliant for Pharmaceutical Products).

Mr. Teoh's great Leadership skill has transform the workforce with a high Team Spirits and equipped the Sales Forces with Certification to handle Pharmaceutical products in the Cold Chain Industry as well as the annual Thermo King Specialist skill Certification.
We also provide sustainable and cost effective Cold Chain Transport Solutions.

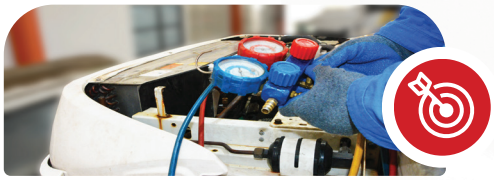

Our customer include the Perishable food, Beverage, Wine and seafood Distributor, the Cold Chain Logistics companies, In-flight catering and Pharmaceutical products.

Under the leadership of THERMO KING, we continue to provide innovative Cold Chain Transport Solutions, reliability, longer product life cycle & optimizing cost for our value customers.

MONZONE®

Corporate Philosophy

OUR VISION

To be the most Successful and Respected Transport Refrigeration System and Insulated Container Manufacturer in South East Asia.

OUR MISSION

Every Cold-Chain Business will have a MONZONE-THERMO KING, your Strategic Business Partner that attract and attain you with High Value Products, Customized Solutions and Caring Services.

OUR QUALITY POLICY

We are all driven by a common commitment to serve the need of our customer better than anyone else, continuously improve on our level of product Quality and Services.

ENVIRONMENT POLICY

We are committed to protecting the environment by conserving resources, minimizing waste, and preventing pollution in all our operations.

HEALTH & SAFETY POLICY

We prioritize health and safety above all. All incidents, including near misses, must be reported and investigated to prevent recurrence. We are committed to consultation and participation of workers in all aspects of health and safety.

Our Specialty

MONZONE®

Company Milestones

1997

Teoh Chiang Hoe Founded Monzone

The Managing Director of the Company

2002

Proudly awarded the

Thermo King's Distributorship in Singapore

2006

Participated 1st FHM, Food & Hotel Malaysia Exhibition in South Malaysia Branch

2007

Opened Ceremony for Singapore Buildings

Started In-House Production of the Insulated Containers for the Refrigeration Trucks

2010

Opening of Penang Branch

This strategic location allows us to service the customers and potential customers in the Northern Part of the West Malaysia easily

2011

Proudly Awarded the

Thermo King's Distributorship in Malaysia

2012

Opening of KL Branch in Malaysia

Launched of the Thermo King Cold Cube Series in the FHA, Food & Hotel Asia Exhibition in Singapore

2013

Awarded the Thermo King Best Dealer Award in Singapore

Participate in the FHM 2013 Exhibition in Malaysia

Roadshow Event in Bugis Singapore

2014

Awarded the Thermo King Best Dealer Award in the Second Consecutive Year

Participated in the FHA 2014 Exhibition in Singapore

2015

Awarded Thermo King Best Dealer in Singapore for Consecutive 2 years

Participated in the FHM Exhibition in Malaysia

2016

Increased Our Product Mix:

1. The wheelchair lifter
2. Powered Tail-lifts Models
   - 10ft (EL1-800)
   - 14ft (EL1-1700)
   - 24ft (EL1-2200)
   - 24ft (RS1-2200)

   Under-mount type

2017

Launched the Mobile Dental Clinic (27 units from 2017 to 2021)

A new landmark in the Project Development Division

This Breakthrough Innovative Development Incorporated the State-of-the-Art German Technology in using the Nano-Silver-Ions to kill the bacteria that reaches on its surfaces

2018

Awarded Thermo King Distributorship in the Philippines

Participated in the Philippines 2018 Cold Chain Exhibition in July

Participated in the Philippines 2018 Transport Logistics Exhibition in August

Participated in the Philippines AFEX 2018 Asia Food Expo in September

2019

We achieved the Singapore Business Excellent Quality Award in June

Participated in the MAFBEX Expo Philippines (Manila Foods and Beverages Expo) in June

Participated in the Philippines AFEX 2019 (Asia Food Expo) in September

2020

Launched the World's 1st High-Tech Antibacterial Mobile Chiller Dolly

To support the Robust Airfield Industry in the Cold Chain Transport and Distribution handlings between the Cargo Plane and the Distribution Warehouses

2021

Launched of Monzone Group at:

6 Gul Lane Singapore 629405 (Monzone HQ)

2022

Monzone first Mobile Library launch

Participated in the FHA 2022 Exhibition in Singapore

2023

Moving of Johor Branch

This strategic location to serve our Northern and Southern customers

2024

Launch MONZONE Brand Powered Tailgate

- PTL-1000
- PTL-2000
- PTL-2000 UM

2025

- Opening of Sabah Branch
- Awarded the Malaysia Golden Bull Award 2025
- Participated in the FHM 2025 Exhibition in Malaysia
- FHM 2025 Sustainability Stand Award
- Launch of NDCS Mobile Dental Bus

2026

- Relocated to New Shah Alam Branch in Malaysia
- Participated in the FHA 2026 Exhibition in Singapore

MONZONE®

We provide our customers sustainable solutions to save operational cost and increase productivity in transport distributions.

Why Monzone Group

- Optional choice of High-tech Antibacterial Glass Reinforcement Panel (GRP) that create a maximum hygiene sterile surface for transporting pharmaceutical / medicinal and high value perishable products. We also provide a comprehensive range of material to serve the different needs of the customers especially on pricing.
- Quality Assurance is our policy on the European construction standard as a basic Quality Control to ensure the insulation container's Durability & Reliability.
- Our Good Reputation also lies with our caring in Aftersales Training, warranty part claims, parts manual and our expertise are generously shared with our customers for a cohesive, supporting and lasting relationship.
- A Customized Solution is always propose to optimize cost and improve efficiency in operation whereby reducing manpower and unproductive time.

What we Offer

1. Land

Land Thermo King's cutting-edge Refrigeration System keeps your perishables perfectly chilled in our freezer trucks. Guaranteed freshness, every journey with our trusted Cold Chain Land Transport Solutions.

2. Marine

Our marine shipping Cold Chain Solutions ensure the Freshness and Quality of the perishable products by maintaining constant temperature control using Thermo King industry-leading Refrigerated Reefer Containers, ensuring temperature-control delivery of your cargo to any destination.

3. Customised Projects & Tenders

Allow us to manage and customised your Cold Chain Transport needs. Whether you require a light-duty refrigeration van for transporting goods, a heavy-duty refrigeration truck for temperature-controlled perishable product or a special customized insulated trailer for a dedicated purpose, we have you covered.

MONZONE®

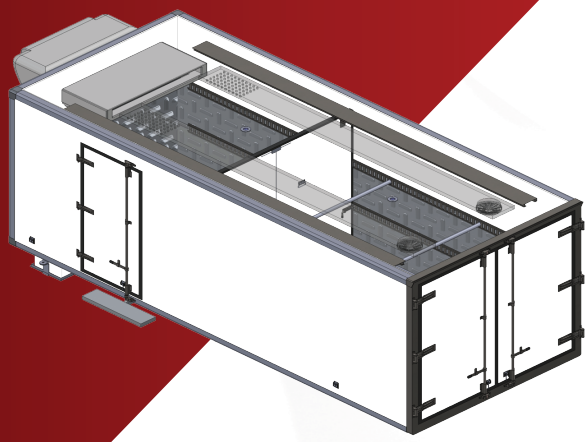

Refrigerated System

As an authorized distributor of Thermo King refrigeration systems in Singapore, Malaysia, and the Philippines, Monzone Group delivers highly effective cold chain transport solutions tailored to our customers' needs. We supply Thermo King refrigeration systems together with our core-built insulated containers for refrigerated trucks and trailers.

Designed to serve industries including food distribution, pharmaceuticals, chemicals, poultry, seafood, ice and ice cream, as well as perishable and processed foods, our solutions ensure precise and stable temperature control throughout transportation.

Backed by more than 86 years of research and development, Thermo King's advanced refrigeration technology is globally recognized for its exceptional temperature performance, reliability, durability, and energy efficiency. Our truck refrigeration systems provide consistent temperature control and rapid pull-down recovery, ensuring the safe and efficient transport of temperature.

Refrigerated Truck Technology & Features

Advanced Refrigeration Units:
Maintain consistent temperatures using reliable cooling technologies, even in extreme weather conditions.

Insulation:
High-quality insulated walls, floors, and ceilings minimize heat transfer and keep the interior temperature stable.

Temperature Monitoring Systems:
Real-time tracking and alerts ensure cargo stays within the required temperature range.

Airflow Management:
Optimize airflow combined with higher airflow capacity ensures uniform cold air distribution, effectively protecting all goods throughout the load.

MONZONE®

Standard of Insulation Containers

GOLD GRADE

- It uses PU, Polyurethane insulation.
- European material GRP with Woven Fabric Gelcoat, excellent UV/Weathering protection.
- Powder Coated Aluminium Profile on all edges and corner (white color).
- External Hi-push or Embedded Handle with key and lock (stainless steel type).

SILVER GRADE

- It uses XPS, Extruded Polystyrene insulation.
- It uses FRP, Fiber Reinforced Panel on its surface.
- Powder Coated Aluminium Profile on all edges and corner (white color).
- External Hi-push or Embedded Handle with key and lock (stainless steel type).

BRONZE GRADE

- It uses XPS, Extruded Polystyrene insulation material.
- It uses FRP, Fiber Reinforced Panel on its surface.
- Natural Aluminum Profile (original aluminum color).
- External Container lock handle (no lock and key).

Optional:

High Impact Glass Reinforced Panel (GRP), combines the strengths of Structural material, Reinforced metals, thermoplastics and Customized features

- High impact strength at low weight.
- Superior tensile and flexural strength and e-moduli.
- Excellent UV and weathering stability.
- No splintering caused by over stress.

It is also use in all our Internal Movable Partition construction for tough usage.

Antibacterial Glass Reinforced Panel (GRP)

The state-of-the Art German Technology that uses Nano-Silver ions to kill bacterial that falls onto the surface within 24 hours (12 hours 90% killed).

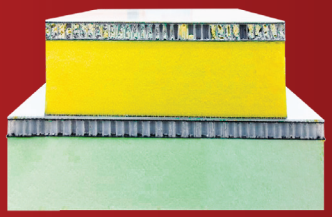

It comes with Antimicrobial Certificate (TÜV SÜD PSB & Germany).
Fire Resistance Certificate, long term 55 years Durability Certificate & Dossier Antiviral Efficacy of Nano-Silver.

	Polyurethane (PU)	Extruded Polystyrene (XPS)
Material	Thermosetting	Thermoplastic
Thermal Conductivity	20.3 mW/mK 0.0203 W/mK @ 10°C	29 mW/mK 0.029 W/mK @ 25°C
Water Absorption	3% ISO 2896 EN 12087 ASTMD2842	0.4% GB/T8810-2005
Dimensional Stability	0.5~1% EN1604 / ASTMD2126	≤1.4% GB/T8811
Density	40kg/m³	40kg/m³

Antibacterial Curtain

- 1 roll of 50m, 200/300mm width with Reinforcement Ribs.
- Anti Black mold development that safe costs in washing and replacement.
- Certificate provided.

- Special Waterproof Adhesive with 2k PU Based provide good bonding.
- Properties, made in Germany

Customer Testimonials

"The mid-night (24/7) support is ready for any emergency requirement. There is 4 workshops to support during any requirements. Located at Shah Alam, Prai, Johore Bahru and Singapore. The Singapore was in touch with our business because our trucks was operating crossing the Malaysia-Singapore causeway."

MR.LEONG
Service Centre Dept. - Senior Manager

GERIMIS BAIDURI SDN BHD

"I have been using Thermo King for 90% if my trucks and Monzone Air-Conditioning Sdn Bhd (Thermo King Dealer) to purchase & service my truck for the past 8 years and have always been completely satisfied with their performance. They do an excellent job, are always punctual and offer the most competitive in town."

Manager

TEH CHEETA TRANSPORT (M) SDN BHD

"One thing I like about the Salesperson is that they are prompt in after sales support service, very knowledgeable in their fields, and provide sustainable solutions for our Cold Chain Transport Operation. Monzone Team has always outstanding themselves through continuous innovation and very creative in their proposal for our Cold Chain Transport Requirements."

LYNDON
Logistic Manager

UNICO TOTAL SOLUTION PTE LTD

"I am using Monzone Thermo King SV 600 for my Cold Truck, it has performing well and long lastly. Thermo King will still my first choice when purchased cold truck. Monzone has a great support team on the service & after-sales. Good Job Team!!"

Managing Director

AFG LOGISTICS SDN BHD

"Monzone has been our great and favorable refrigeration system and container supply partner for over a decade and both of our individual businesses have grown together as Monzone offer excellent product to Tiong Nam and Tiong Nam offer excellent cold-chain logistics service to our customers. Due to the fact that Monzone doesn't compromise in his Products Quality and Maintenance Service, all our refrigerated trucks and trailers equipped with Monzone's refrigeration system and containers have a very long lifespan and low maintenance cost."

GORDON LO
Manager - Fleet Management Department

TIONG NAM LOGISTICS SOLUTIONS SDN BHD

"Good services and fast action when technical problem occurred. Very less problem"

NURLINDAN BINTI ABD RAHMAN
Finance Manager

MESRA INDAH JAYA SDN BHD

"Monzone is really a specialist in Refrigeration Transport. They provide us very durable insulation container and the Superior Temperature Performance Thermo King System that solve all our problem in serving especially very strict end customers. Their container and curtain come with Antibacterial property and the Thermo King System is equipped with GDP Certificates for Pharmaceutical and Medicinal Products. We feel very safe and happy to work with Monzone."

ERIC LIM
Logistic Manager

A&J HAKKO PTE LTD

"Monzone is very professional in providing maintenance and servicing support to our fleet of Refrigeration Trucks. We can concentrate our business with a piece of mine working with Monzone. Try them to believe yourself. Monzone Quick Response in the After-Sales Services, such as servicing, maintenance and minor repair job has always fulfil our need and requirements remarkably."

MARK TAN
AVP

SFI MANUFACTURING PTE LTD

"We are very satisfied with Monzone who can provide fast respond 24/7. After-Sales Service in northern and southern point. Strongly trusted, sincere service attitude and responsible."

THEN SOOK VONE
Manager

GOLD COLD TRANSPORT SDN BHD

"Since the start of use and have provided good support to our business in Changi. Their products are high quality, excellent performance and innovation with good After-Sales service. With their effort of continuous improvement, Monzone can provide high quality airport equipment with less repair and maintenance costs."

MARCUS CHONG
Head of Technical Services

DNATA SINGAPORE PTE LTD

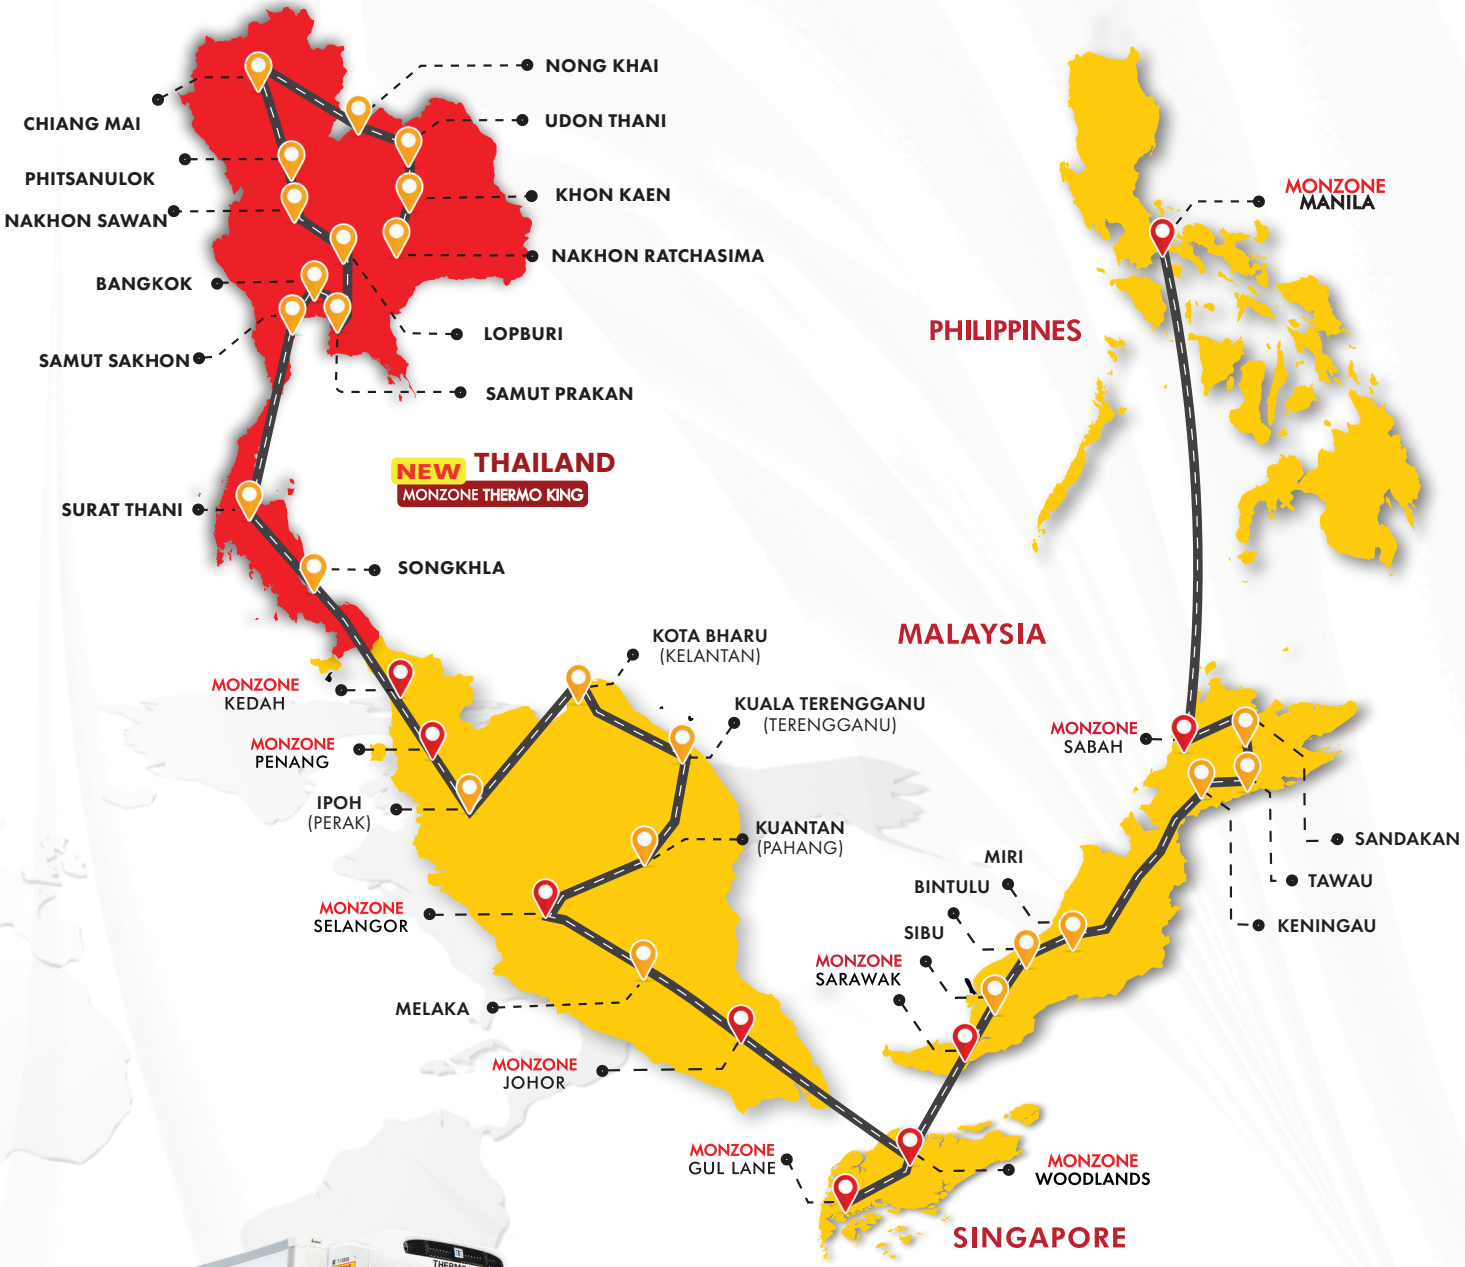

"Quality product with Excellent Performance. Strong and Reliable Sales & After-Sales team."
